

## MEETINGS

In this department every effort is made to publish timely announcements of future meetings, as well as reports of events and papers presented at past meetings. For this we rely on the organizers of meetings to send us announcements as early as possible, and on colleagues in each country to send us reports of local activities in the history of mathematics. Unnecessary duplication may be avoided by checking with the Editor, Managing Editor, or the nearest member of the International Commission listed on the back cover of *Historia Mathematica* before submitting reports to this department.

### VIIIth International Congress of Logic, Methodology, and Philosophy of Science

*Moscow, USSR, August 17–22, 1987*

The VIIIth International Congress of Logic, Methodology, and Philosophy of Science will be held in Moscow, August 17–22, 1987. The Congress is sponsored by the USSR Academy of Sciences and is organized under the auspices of the International Union of History and Philosophy of Science, Division of Logic, Methodology, and Philosophy of Science.

The official languages of the Congress are English, French, German, Russian, and Spanish. Three kinds of sessions are planned: invited lectures, contributed papers, and symposia and affiliated meetings. Topics to be covered in the sessions include the foundations of mathematical reasoning; model theory; the foundations of computation and recursion theory; set theory; general logic; and history of logic, methodology, and philosophy of science.

Interested scholars may obtain additional information by writing in one of the Congress's official languages (preferably English) to:

Professor I. T. Frolov or Professor I. S. Meljukhin
